Icon

The central icon is a radial, six-pointed mark composed of stylized geometric elements that simultaneously represent:

1. Home

Each individual arm of the symbol subtly resembles the outline of a house, grounding the brand in its interior design roots.

2. The Letter "A"

Each segment is also shaped like the capital letter A, a nod to the brand name "Aura," reinforcing identity and memorability.

3. Sunburst/Aura

Arranged in a circular, radiating pattern, the full symbol resembles a sunburst, symbolizing warmth, energy and the invisible yet powerful “aura” a space gives off. It captures the essence of light, clarity, and inspiration — core to the Aura Spaces identity.

Wordmark

The wordmark uses a **modern**, **sans-serif font** with **soft curves** and **rounded edges**, reflecting both **approachability** and **innovation**.

The lowercase lettering keeps the **tone friendly**, **clean** and **minimalist**, aligning well with smart interior design aesthetics.

Clear Space

To maintain the integrity and legibility of the Aura Spaces logo, it is essential to ensure that it has sufficient clear space around it.

The clear space is the minimum area surrounding the logo that must remain free of any other graphic elements, text, or edges. This space ensures that the logo is always visible, impactful, and not cluttered by other design elements.
